All seven of the conservation easements held by the organization were acquired prior to 2006. The value of conservation easements is included in the balance sheet. Expenses associated with monitoring, inspecting, handling of violations, and enforcing conservation easements during the year are reported as expenses in the year included on the organization's revenue and expense statement.

Schedule D Part III, Question 4

In accordance with the practice usually followed by museums, the organization does not carry its collections on the statement of financial position. Since items acquired for collections by purchase are not capitalized, the cost of those acquisitions are reported as decreases in net assets in the statement of activities. The proceeds from items disposed of are reported as increases in the appropriate class of net assets in the statement of activities. Contributed works of art, historical treasures and similar assets that are not added to the collection are reported as assets held for sale on the statement of financial position at their fair values at the date of the gift.
